AWARENESS TRAINING · HEALTH & SAFETY

ISO 45001:2018 Awareness Training

Self-paced online training (video) · 15 modules · about 100 min of video · about 3 hours in total · English, with captions

Understand occupational health and safety management, the importance of recognising hazards and the part everyone plays in prevention and participation.

WHO IT IS FOR

All employees, supervisors and managers in an organisation using or planning ISO 45001.

WHAT YOU WILL LEARN

- Explain what an OH&S management system is and why ISO 45001 matters
- Describe how the clauses of ISO 45001 fit together
- Recognise hazards in your own work and how the hierarchy of controls reduces risk
- Understand why worker consultation and participation matter
- Describe how to report incidents, near misses and hazards

MODULES (15)

1. Welcome, and what ISO 45001 is
2. From OHSAS 18001 to ISO 45001: benefits and structure
3. Myths and reality
4. Context, workers and interested parties, and scope
5. Leadership, worker participation and the OH&S policy
6. Hazards: what they are, and where to look
7. Risks and opportunities, and the hierarchy of controls
8. The other risks and opportunities
9. Legal requirements and OH&S objectives
10. Support: competence, communication and documented information
11. Operational control: procedures, change, contractors and equipment
12. Emergency preparedness and response
13. Monitoring, internal audit and management review
14. Incidents, nonconformity and corrective action
15. Documentation, implementation and your part

PRICE

US$19 per learner

Per learner, by team size

1–10 learners	**US$19**
11–50 learners	**US$15**
51–200 learners	**US$13**

Excluding taxes.
