Annual GMP Refresher Training

Self-paced online training (video) · 11 modules · about 105 min of video · about 3 hours in total · English, with captions

Refresh your GMP knowledge each year: what changed in the rules and guidance, what inspectors found recently, and the essentials from hygiene and documentation to deviations, complaints and recalls.

WHO IT IS FOR

Everyone who works in a GMP area or supports one: production, packaging, warehouse, quality control, quality assurance, engineering and maintenance staff, supervisors and managers in pharmaceutical, biotech and active substance manufacturing.

WHAT YOU WILL LEARN

- Explain why GMP training continues every year and what is new this year
- Recognise recent inspection findings and apply their lessons to your work
- Refresh the essentials of hygiene, documentation and data integrity
- Prevent contamination, mix-ups and errors in production, packaging and the laboratory
- Handle deviations, changes, complaints and recalls correctly
- Play your part in self-inspections and regulatory inspections
