AWARENESS TRAINING · AEROSPACE

AS9100D Awareness Training

Self-paced online training (video) · 14 modules · about 2.5 hours of video · about 3.5 hours in total · English, with captions

A practical introduction to AS9100D for everyone who works in, or supplies, aviation, space and defence manufacturing.

WHO IT IS FOR

Every employee of an aviation, space or defence manufacturer: shop floor, inspection, stores, planning, purchasing, engineering and office teams. Staff of suppliers to the sector who need to know what AS9100D expects of their daily work. Managers and new joiners preparing for an AS9100D certification or surveillance audit.

WHAT YOU WILL LEARN

- Explain what AS9100D is, how it builds on ISO 9001:2015 and where it sits in the 9100 family
- Describe how AS9100D certification, authenticated auditors and the OASIS database work
- Recognise the aerospace additions: operational risk, product safety, configuration management and special requirements
- Spot and report counterfeit and suspected unapproved parts using the right route
- Understand first article inspection, key characteristics and flow-down to external providers
- Handle a nonconforming part correctly and see how human factors cause errors

MODULES (14)

1. Why AS9100D matters
2. The 9100 family and certification
3. Context, parties and scope
4. Leadership, policy and ethics
5. Risk and operational risk
6. Product safety
7. Counterfeit and unapproved parts
