Training on CMMC 2.0 and NIST SP 800-171

Self-paced online training (video) · 13 modules · about 3 hours of video · about 4.5 hours in total · English, with captions

Learn how the CMMC program and NIST SP 800-171 apply to your defence contracts, from scoping controlled unclassified information to meeting each requirement and preparing for a CMMC assessment.

WHO IT IS FOR

IT and security managers, compliance leads and owners of companies in the US defence supply chain, managed service providers that support them, and consultants preparing contractors for CMMC.

WHAT YOU WILL LEARN

- Explain the three CMMC levels and decide which applies to each contract and data flow
- Scope federal contract information, controlled unclassified information and the assets that handle them
- Interpret the NIST SP 800-171 requirements family by family, with the objectives used to assess them
- Write a system security plan and a plan of action and milestones
- Run a self-assessment, calculate an SPRS score and prepare the affirmation
- Explain what Revision 3 changes, and plan for the move
