AWARENESS TRAINING · HEALTH & SAFETY

Emergency Preparedness and Response Training

Self-paced online training (video) · 10 modules · about 105 min of video · about 3 hours in total · English, with captions

Prepare your workplace for fires, spills, releases and injuries: what ISO 14001 and ISO 45001 require in clause 8.2, emergency scenarios, response plans, roles, drills, evaluation and the records auditors look for.

WHO IT IS FOR

Health, safety and environment managers and officers, site and facility managers, emergency coordinators, fire wardens and first aiders, supervisors, management system coordinators, and internal auditors of ISO 14001 and ISO 45001 systems.

WHAT YOU WILL LEARN

- Explain what clause 8.2 of ISO 14001:2026 and ISO 45001:2018 requires, and where they differ
- Identify potential emergency situations, including abnormal conditions and events outside working hours
- Plan a response that protects people and prevents or reduces harm to the environment
- Set out roles, first aid and communication with contractors, visitors and emergency services
- Plan, run and evaluate drills that test the response realistically
- Keep the records both standards expect and show that the response improves

MODULES (10)

1. Why preparedness matters
2. What clause 8.2 requires
3. What could go wrong
4. Planning the response
5. People, roles and first aid
6. Protecting the environment
7. Training for the response
8. Drills and exercises
9. Learning after the event
10. Is it working?

PRICE

US$19 per learner

Per learner, by team size

1–10 learners	**US$19**
11–50 learners	**US$15**
51–200 learners	**US$13**

Excluding taxes.
