EU AI Act Awareness

Self-paced online training (video) · 10 modules · about 110 min of video · about 3 hours in total · English, with captions

Understand what the EU AI Act means for your organisation and your own role, from its risk-based categories and prohibited practices to AI literacy, transparency and the dates that apply.

WHO IT IS FOR

Employees who use, buy, build or oversee AI systems, managers and team leads, and staff of organisations that place AI on the EU market or use it there, including providers based outside the EU.

WHAT YOU WILL LEARN

- Explain the purpose and scope of the EU AI Act, including its reach outside the EU
- Recognise the risk-based categories, from prohibited practices to minimal risk
- Identify whether your organisation acts as a provider, deployer, importer or distributor
- Describe the transparency duties for chatbots, deepfakes and AI-generated content
- Understand what AI literacy means for your own role
- Know the key application dates and how the 2026 amendments changed them
