AWARENESS TRAINING · GOOD PRACTICE (GXP)

GMP for Operators: the Golden Rules

Self-paced online training (video) · 11 modules · about 105 min of video · about 3 hours in total · English, with captions

Learn the ten golden rules of good manufacturing practice that operators apply every shift, from following instructions and recording as you go to line clearance, hygiene, contamination control and data integrity.

WHO IT IS FOR

Production and packaging operators, warehouse and dispensing staff, cleaning and maintenance technicians, new starters, contractors and team leaders in pharmaceutical, biotech and active substance manufacturing.

WHAT YOU WILL LEARN

- Explain why good manufacturing practice matters to patients and to your own work
- Follow instructions and record each step at the time you do it
- Report deviations, mistakes and unusual events at once
- Prevent mix-ups with identity, status and line clearance checks
- Apply hygiene, gowning and contamination control in your area
- Use equipment, computer systems and your own login correctly

MODULES (11)

1. Why your work protects patients
2. Rule 1: follow the instruction
3. Rule 2: record as you go
4. Rule 3: speak up
5. Rules 4 and 5: identity and line clearance
6. Rule 6: dress and wash for the area
7. Rule 7: report when you are unwell
8. Rule 8: use only clean, ready equipment
9. Rule 9: keep contamination out
10. Rule 10: protect the data
11. Putting the rules together

PRICE

US$19 per learner

Per learner, by team size

1–10 learners	**US$19**
11–50 learners	**US$15**
51–200 learners	**US$13**

Excluding taxes.
