Build the competence. Prove it with confidence.

COURSE BROCHURE

PRACTITIONER TRAINING · FOOD SAFETY

HACCP Implementation Training

Self-paced online training (video) · 21 modules · about 5 hours of video, plus practice exercises · about 11 hours in total · English, with captions

Put a HACCP system in place in your own food business, step by step, from good hygiene practices and the HACCP team to hazard analysis, CCPs, validated critical limits and verification.

WHO IT IS FOR

HACCP team leaders and members, food safety and quality managers, production and operations supervisors, owners of small food businesses, and staff preparing for a HACCP certification or a customer audit.

WHAT YOU WILL LEARN

- Put good hygiene practices in place and decide which need greater attention
- Assemble the HACCP team, describe the product and its intended use, and confirm the flow diagram
- Conduct a hazard analysis and identify control measures for significant hazards
- Determine critical control points and set validated critical limits
- Set up monitoring, corrective actions, verification and HACCP records
- Build food safety culture and keep the HACCP system up to date

MODULES (21)

1. Welcome: food hygiene and HACCP
2. Hazards and the language of Codex
