India AI Rules and Governance Awareness Training

Self-paced online training (video) · 10 modules · about 115 min of video · about 3 hours in total · English, with captions

Understand India's current AI rules: the MeitY AI Governance Guidelines and their seven sutras, deepfake labelling under the IT Rules, how the DPDP Act applies to AI, and RBI and SEBI expectations.

WHO IT IS FOR

Employees, managers, product, data and technology teams, compliance and risk staff in Indian companies, and overseas companies serving Indian users, especially in digital platforms, financial services, BPO and IT services.

WHAT YOU WILL LEARN

- Explain India's principle-based approach to AI and the seven sutras of the AI Governance Guidelines
- Tell binding rules apart from guidelines, committee reports and drafts
- Recognise synthetically generated information and the labelling duties in the IT Rules
- Apply the DPDP Act's notice, consent, security and breach duties to AI that uses personal data
- Describe SEBI's regulation 16C and the RBI's expectations for AI in finance
- Use AI safely in your own role and know when to escalate
