ISO 22301:2019 Internal Auditor Training

Self-paced online training (video) · 26 modules · about 6 hours of video · about 8.5 hours in total · English, with captions

Plan and carry out internal audits of a business continuity management system against ISO 22301:2019, clause by clause, following ISO 19011:2026, from the business impact analysis to plans and exercises.

WHO IT IS FOR

Business continuity managers and coordinators, risk, compliance and quality staff who conduct internal audits, IT service continuity and disaster recovery leads joining the audit team, and managers who commission internal audits and act on their findings.

WHAT YOU WILL LEARN

- Explain what ISO 22301:2019 clause 9.2 requires of internal audits and the audit programme
- Evaluate a business impact analysis and risk assessment for prioritized activities, RTOs, resources and dependencies
- Test whether continuity strategies, solutions and plans meet the RTOs and cover response, communication and recovery
- Evaluate the exercise programme and the evaluation of continuity capabilities, including suppliers
- Plan a risk-based audit and build a checklist that traces one activity from BIA to plan to exercise
- Write clear nonconformities, report results and follow up corrective action
