# ISO/IEC 27001:2022 Lead Auditor Training

Self-paced online training (video) · 83 modules · about 19.5 hours of video, plus practice exercises · about 34.5 hours in total · English, with captions

ISO/IEC 27001:2022 Lead Auditor Training is for experienced internal auditors, ISMS managers, security and compliance professionals and consultants who want to lead first-, second- and third-party audits of an information security management system.

## WHO IT IS FOR

ISMS internal auditors, information security and compliance managers, IT risk professionals, supplier auditors and consultants who want to plan and lead full ISO/IEC 27001 audits.

## WHAT YOU WILL LEARN

- Explain every requirement of ISO/IEC 27001:2022 clauses 4 to 10 and the evidence an auditor should expect for each one
- Audit all four Annex A themes, organisational, people, physical and technological, using ISO/IEC 27002:2022 as guidance and never as audit criteria
- Test the information security risk assessment, the risk treatment plan and the Statement of Applicability as one connected trail, including exclusions and residual risk acceptance
- Manage an ISMS audit programme using the principles and risk-based approach of ISO 19011:2026
- Plan first-, second- and third-party ISMS audits, including objectives, scope, criteria, audit time, sampling and the audit team
- Describe the ISMS certification audit cycle, stage 1, stage 2, surveillance and recertification, and how ISO/IEC 27006-1 and ISO/IEC 17021-1 shape it
