Sterling ACADEMY

Build the competence. Prove it with confidence.

COURSE BROCHURE

AWARENESS TRAINING · SUPPLY CHAIN SECURITY

ISO 28000:2022 Security and Resilience Awareness

Self-paced online training (video) · 13 modules · about 105 min of video · about 3 hours in total · English, with captions

Understand how a security management system protects people, assets and the supply chain, and the part every employee plays.

WHO IT IS FOR

Top management, security, logistics, warehousing and procurement teams, and all staff in organisations using or planning ISO 28000.

WHAT YOU WILL LEARN

- Explain what a security management system is and why organisations adopt ISO 28000
- Describe how ISO 28000:2022 applies to the organisation and its supply chain
- Understand how security risks are assessed and treated
- Recognise security incidents and know how to report them
- Describe your own part in security and resilience

MODULES (13)
