AWARENESS TRAINING · OIL AND GAS QUALITY

ISO 29001:2020 Awareness Training (Oil and Gas Sector-Specific Quality Management)

Self-paced online training (video) · 11 modules · about 2 hours of video · about 3 hours in total · English, with captions

Understand ISO 29001:2020, the quality management standard for suppliers to the petroleum, petrochemical and natural gas industries: its sector supplements to ISO 9001, Annex C conformity assessment, and your own role.

WHO IT IS FOR

Field crews, workshop technicians, inspectors, engineers, buyers, document controllers, quality and HSE teams and managers of oilfield service companies, equipment manufacturers, fabricators, stockists and other product and service suppliers to the oil, gas and petrochemical industries.

WHAT YOU WILL LEARN

- Explain what ISO 29001:2020 is, who it applies to and how it relates to ISO 9001 and API Spec Q1
- Describe the sector supplements on context, risk processes and management of change
- Recognise the requirements for infrastructure, measuring equipment and validated competence
- Explain how specifications, contingency plans and customer requirements reach the work
- Describe how Annex C uses risk to set quality specification levels and conformity checks
- Understand your own contribution, including hold points, preservation, release and reporting

MODULES (11)

1. Why sector quality matters in oil and gas
2. The standard at a glance
3. Context, interested parties and leadership
4. Risk, opportunity and change
5. Infrastructure, equipment and measurement
6. Competence, awareness and communication
7. Documents, records and specifications
8. Planning, customer requirements and design
9. External providers and conformity assessment
10. Production, preservation and release
11. Evaluation, improvement and your role

PRICE

US$19 per learner

Per learner, by team size

1–10 learners	**US$19**
11–50 learners	**US$15**
51–200 learners	**US$13**

Excluding taxes.
