AWARENESS TRAINING · ENERGY MANAGEMENT

ISO 50001:2018 Energy Management Awareness

Self-paced online training (video) · 12 modules · about 105 min of video · about 3 hours in total · English, with captions

Understand how an energy management system improves energy performance and the part every employee plays in using energy well.

WHO IT IS FOR

Top management, the energy team, process and equipment owners, and all staff in organisations using or planning ISO 50001.

WHAT YOU WILL LEARN

- Explain what an energy management system is and why organisations adopt ISO 50001
- Describe the energy review and significant energy uses in plain words
- Understand energy performance indicators and energy baselines
- Recognise how daily operation, maintenance and purchasing affect energy use
- Describe your own part in improving energy performance

MODULES (12)

1. Why energy management matters
