ISO/IEC 27001:2022 Implementation Training

Self-paced online training (video) · 25 modules · about 6.5 hours of video, plus practice exercises · about 15 hours in total · English, with captions

Put an information security management system in place, clause by clause and control by control, from scope and risk assessment to the Statement of Applicability, audit and certification.

WHO IT IS FOR

ISMS leads and coordinators, CISOs of small and mid-size firms, IT and operations managers, process owners, and owners of SaaS, BPO and IT-services businesses.

WHAT YOU WILL LEARN

- Identify your information assets and the threats to confidentiality, integrity and availability
- Set the context, interested parties and scope of your ISMS
- Run a risk assessment and risk treatment, and choose controls from the 93 in Annex A
- Prepare the Statement of Applicability and the risk treatment plan
- Operate, monitor, audit and review the ISMS, and handle incidents and nonconformities
- Plan your implementation and certification, stage by stage
