AWARENESS TRAINING · PRIVACY MANAGEMENT

ISO/IEC 27701:2025 Awareness

Self-paced online training (video) · 15 modules · about 115 min of video · about 3.5 hours in total · English, with captions

Build awareness of privacy information management, the handling of personal information and the responsibilities that support consistent privacy practices.

WHO IT IS FOR

Employees, managers and teams who handle personal information of customers, staff or others.

WHAT YOU WILL LEARN

- Explain what a privacy information management system is and why it matters
- Describe the difference between a PII controller and a PII processor
- Recognise how the 2025 edition differs from the 2019 edition
- Understand the kinds of privacy controls the standard covers
- Describe how to handle and report a suspected privacy incident

MODULES (15)
