Self-paced online training (video) · 25 modules · about 6 hours of video, plus practice exercises · about 12.5 hours in total · English, with captions

Put a privacy information management system in place under ISO/IEC 27701:2025, as a PII controller, a PII processor or both, clause by clause and control by control, to certification readiness.

WHO IT IS FOR

Privacy and data protection officers, ISMS leads extending an ISO/IEC 27001 system to privacy, compliance and legal managers, and owners and managers of SaaS, cloud and BPO businesses that process personal data for clients.

WHAT YOU WILL LEARN

- Determine your role as PII controller, PII processor or both for each processing activity
- Set the context, interested parties, scope and privacy policy of the PIMS
- Assess and treat privacy risks, and prepare the Statement of Applicability
- Apply the Annex A controls for PII controllers, PII processors and the security of PII
- Operate, monitor, audit and review the PIMS
- Plan for certification, including moving from the 2019 edition
