AWARENESS TRAINING · CYBERSECURITY

NIS2 Awareness

Self-paced online training (video) · 10 modules · about 110 min of video · about 3 hours in total · English, with captions

Understand what the NIS2 Directive means for your organisation and your own role, from essential and important entities to risk-management measures, incident reporting and management accountability.

WHO IT IS FOR

Employees, managers and members of management bodies at essential and important entities in the EU, and staff of suppliers and service providers that support them.

WHAT YOU WILL LEARN

- Explain the purpose of NIS2 and how it is applied through national law
- Recognise the sectors in scope and the difference between essential and important entities
- Describe the cybersecurity risk-management measures NIS2 requires
- Know the stages of significant incident reporting and your part in them
- Understand the duties and accountability of management bodies
- Recognise supply chain security and everyday good practice in your own role

MODULES (10)

1. Why NIS2
2. From NIS to NIS2, through national law
3. Who is in scope
4. Risk management: the all-hazards approach
5. Supply chain security
6. Cyber hygiene, training, cryptography and access
7. Incident reporting
8. Information sharing and the authorities
9. Management bodies, supervision and penalties
10. Your role, what is changing, and the exam
