Sterling ACADEMY

Build the competence. Prove it with confidence.

COURSE BROCHURE

AWARENESS TRAINING · PAYMENT SECURITY

PCI DSS v4.0.1 Awareness

Self-paced online training (video) · 13 modules · about 105 min of video · about 3 hours in total · English, with captions

Help everyone who handles card data understand what PCI DSS asks of them.

WHO IT IS FOR

Staff, team leaders, IT and managers who handle, support or can affect card payments.

WHAT YOU WILL LEARN

- Explain what PCI DSS is and why card data must be protected
- Recognise cardholder data and sensitive authentication data, and what may never be stored
- Describe the 12 requirements and how scope reduces what must be protected
- Understand the roles of the payment brands, acquirers and assessors
- Recognise a suspected card data compromise and report it at once

MODULES (13)

1. What PCI DSS is, why it exists, who it applies to
2. Account data: cardholder data and sensitive authentication data
3. The cardholder data environment (CDE), scope and segmentation
4. The 12 requirements in six goals, in one picture
5. Who is who, and Sterling's role
6. Merchant or service provider; SAQ or ROC; the AOC
7. Protecting stored card data
8. Your everyday controls
9. Third-party service providers
10. What is new in v4.0.1
11. When something goes wrong
12. The compliance journey
13. Your part every day
