SEBI CSCRF Awareness Training

Self-paced online training (video) · 10 modules · about 2 hours of video · about 3.5 hours in total · English, with captions

Understand SEBI's Cybersecurity and Cyber Resilience Framework for regulated entities, from categories, goals and governance to protection, detection, incident reporting, recovery, audits and your own role.

WHO IT IS FOR

Employees, team leaders and managers of SEBI regulated entities, including stock brokers, depository participants, mutual funds and asset managers, portfolio managers, investment advisers, registrars and market infrastructure institutions, and their technology suppliers.

WHAT YOU WILL LEARN

- Explain why SEBI issued the CSCRF and which regulated entities it covers
- Describe how entities are categorised and how that changes what they must do
- Recognise the cyber resilience goals and the governance the framework expects
- Apply protection and data security practices in your own role
- Spot and report a cyber incident at once and support recovery
- Describe audits, the Cyber Capability Index, compliance dates and recent clarifications
