AWARENESS TRAINING · INFORMATION SECURITY

Security Awareness Annual Refresher 2026

Self-paced online training (video) · 5 modules · about 45 min of video · about 1 hour 45 minutes in total · English, with captions

Refresh your security awareness in under an hour: this year's threats, from QR-code phishing and AI voice and deepfake fraud to payment scams and MFA fatigue, and the habits that stop them.

WHO IT IS FOR

Every employee who uses e-mail, a phone or a computer for work, in any organisation and sector, who completed security awareness training before and must refresh it each year, together with managers, finance teams and help desk staff.

WHAT YOU WILL LEARN

- Explain why security training is refreshed every year and what is new this year
- Spot phishing by e-mail, text, phone call and QR code
- Stop payment fraud that uses fake suppliers, AI voices or deepfake video
- Refuse sign-in prompts you did not start and resist fake help desk calls
- Use passkeys, password managers and the second sign-in step well
- Report incidents and near misses at once, with the details that help

MODULES (5)

1. This year in security
2. Phishing in all its forms
3. Payment fraud and deepfakes
4. Sign-ins and accounts
5. Reporting and your year ahead

PRICE

US$19 per learner

Per learner, by team size
